- Accessory Dwelling Unit requirements
- Free feasibility assessments
- The Junior Unit Initiative Program
- NVCH's Home Share Match-Up Program

A little more about the Workshop:

Learn how you can be a part of the affordable housing solution – and earn additional income! Recent changes to state and local laws make it easier than ever to create accessory dwelling units, including junior units. Lilypad Homes, a North Bay non-profit, will discuss how they can provide free feasibility assessments to homeowners interested in creating an additional rental unit on their properties. The City's Junior Unit Initiative Program helps Napa homeowners build junior units on their properties by providing financing, which is forgivable if the homeowner agrees to make either the primary unit or the new junior unit an affordable rental unit. Napa Valley Community Housing will share information about finding pre-screened tenants through the Home Share Match-Up Program.
